

SimplyBrilliant® Single/Dual Dedicated Remote (3+way)

Controller turns on/off or dims Simply Automated UPB switches, receptacles and fixture modules via traveler wire connection; providing ultra-reliable 3 or more way control of new and existing lighting fixtures, lamps and other electrical appliances. Universal Powerline Bus (UPB) devices transmit and receive lighting scene links over the power line enabling multi-point control with no new wires.

Features

- **Dual (2) blue/green LED indication**
 - ▶ LEDs match single/dual master dimmer switch LEDs
- **Interchangeable rocker assemblies**
 - ▶ Increased flexibility, supports single or dual rockers
 - ▶ Change color and functionality in the home
 - ▶ Reduce inventory costs, rockers sold separately
- **True rocker action**
 - ▶ Both ON/OFF and dimming control of connected devices
- **Provides inexpensive 3-, 4- or more-way control**
- **Standard Rocker Colors:** White, Almond, Light Almond, Ivory, Black, Brown

Ordering Information:

USR1-40A-W Remote Controller with Single White Rocker
USR-40A Remote Controller Base (spec. rocker separately)

Rocker Faceplates:

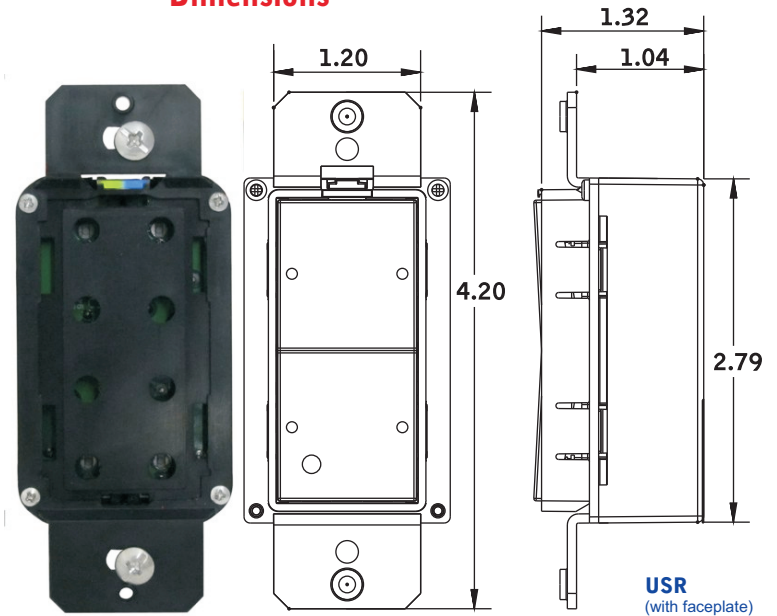

Standard Colors (Gloss Finish): White (-W), Almond (-A), Light Almond (-LA), Ivory (-I), Brown (-BN), Black (-BK)

A **ZS11** Single (e.g. ZS11-W; single rocker, white)
