## Potential Applications... Endless Possibilities

Custom scenes (connecting up to 250 switches) in your living, family or great room, kitchen, study, master bedroom/bathroom, and office. Turn off all lights in your home at the touch of a button. Automatically (Timer Scheduler) turn on/off outdoor security lights, heating and AC, or provide night light convenience anywhere in your home. From creating a virtual 3 way switch anywhere in your home, to turning on a group of lights when your garage door is opened, door bell or phone rings, Simply Automated offers a vast array of simple and flexible solutions.

## Compatibility with Home Automation and Security Controllers

Residential security is enhanced by turning on one, two or a group of lights when there is an access/break-in alarm, fire alarm or panic button push. Door contacts and motion sensors can turn lights on automatically for convenience and safety. Switches can now be pre-set for dimming levels to save energy and prolong bulb life. Compatible with Aegis, Destiny Networks, Elk M1, GE Smart Commander, Honeywell, HAI Omni series, HomeSeer PRO-100, I-Touch, DS Stargate, RCS CommStar and Web Mountain NetPlace controllers.

## Advanced Starter Package...

*Includes two (2) single-rocker dimmers and one (1) single rocker dimmer with 4-button multi-scene controller. Simply replace existing switches and push a button to create a warm and subtle scene – one touch lighting control. Pre-programmed dimming levels – or easily create custom scenes for perfect home lighting. Can be installed in any home, new or retrofit. No new wires! Utilizes ultra-reliable UPB technology.*

*Also includes a Computer Interface Module (CIM) and phase coupler, enabling lighting control and automation expansion to the entire home - add additional dimmers, multi-scene controllers, lamp or appliance modules.*

- **Multi-Button/Rocker Dimmers Provide Both Scene and Local Control** – Not Available With Any Other (UPB) Supplier!
- **Deluxe Dimmer Offers 11 Faceplate Options** – From Single Rocker, to 2/3/4 Multi-Rocker, and 4/8 Multi-Button Faceplates.
